SECOND LIFE FREEZE DRY CONTRACT FOR SERVICES

, hereafter referred to as Pet Owner, for pet
preservation services for, hereafter referred to as Pet
The pet preservation process will include removal of internal organs. This process is necessary to insure proper preservation or drying.
Positioning (i.e. placement of legs, mouth, head, etc.) will be based on pictures and/or written instructions provided by Pet Owner.
Second Life will utilize instructions and photographs to recreate the requested living pose of Pet. However, there are certain facial expressions that are unique to the Pet and may not be able to be duplicated perfectly. Position of your Pet may vary slightly when the actual posing is complete. Pet Owner understands this and gives permission to Second Life to make necessary adaptations.
After Second Life receives deposit and completed contract, the Pet will be processed and positioned per instructions and pictures provided by Pet Owner.
*Remaining balance will be due prior to Pet being placed in freeze dry machine.
*Once Pet has been placed in freeze-dryer, Pet Owner understands that the positioning of Pet cannot be changed.

Certain conditions cannot be corrected or covered up by Second Life. These

proceeding.

conditions will affect the physical appearance of the Pet and are the Pet Owners risk. Pet Owner will be made aware of potential outcomes and assumes all risk in
